

WORKPLACE INTEGRATION OF NEWCOMERS

Workplace Integration of Newcomers (WIN) project matches skilled immigrants with selected high-demand occupations.

WIN WILL:

- ⊗ Test your technical and/or language skills in comparison to company or industry standards.
- ⊗ Recognize those skills that you have that meet these standards.
- ⊗ Show you what extra training you may need to meet company or industry standards.
- ⊗ Provide that extra training and reassess your skills until you meet company or industry standards.
- ⊗ Issue a document stating that you have met company or industry standards.

WORKPLACE INTEGRATION OF NEWCOMERS

THE WIN PROJECT IS FOR IMMIGRANTS:

- ⊗ Who have experience operating and setting up Computer Numerical Control (CNC) machines.
- ⊗ Who have training and experience with conventional machining or sheet metal work.
- ⊗ Who are NOT employed as CNC set-up operators.
- ⊗ Who have been in Canada for less than five years.
